Project Title: Feather River Boat Ramp and Stream Bank Restoration (Streambed Alteration Agreement EPIMS Notification No. SUT-60368-R2)

Project Location: The project is located along the Feather River in the County of Sutter, State of California; Latitude 39.25001, Longitude -121.63628 (WGS 84 datum, decimal degrees); Assessor's Parcel Number 09-305-004.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number SUT-60368 -R2, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Alfred Kannely.

The project is limited to converting an existing earthen boat ramp to a concrete ramp with water infiltration strips, grading above the ramp to level the area, and stabilization of an area approximately 50 feet from the bank of the river to stabilize two large oaks (36" DBH), by adding rip rap and soil to shore up the subsidence. The Project also includes the leveling of an existing dirt pile with trash and non-native species (periwinkle and star thistle) to be removed.

Public Agency Approving Project: California Department of Fish and Wildlife

Person or Public Agency Carrying out Project:
Alfred Kannely
3558 Paseo Avenue
Live Oak, CA, 95953

alfredkannely@protonmail.com

Exempt Status: Categorical Exemption. Type – Class 2 and 33; California Code of Regulations, title 14, sections 15302 and 15333.

Reasons why project is exempt: The Project is exempt under class 2 because the project includes the reconstruction of an existing structure that is located in the same location and will have the same purpose and capacity. The project is exempt under class 33 because the size (less than 5 acres) and the primary purpose is riverbank stabilization with native revegetation improving habitat for species, removing invasives, and reducing and eliminating erosion and sedimentation.
