Statement of reasons why project is exempt: Section 15301 of the California Environmental Quality Act (CEQA) Guidelines exempts from CEQA review actions consisting of the "operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use." The key consideration in applying this exemption is whether the proposed action involves expansion of an existing use. The proposed action involves approval of two new leases with an existing lessee, for continuation of existing uses of facilities and business operations, involving no or negligible expansion of use, and is, accordingly, exempt from CEQA review pursuant to Section 15301 of the CEQA Guidelines. Any future capital improvements that would be subsequently proposed by the lessee and approved by the Director of Airports would be subject to the CEQA review, as applicable.

The following is to be completed only upon formal project approval by the appropriate County of San Diego decision-making body.
