Project Description

The San Francisco Municipal Transportation Agency (SFMTA) proposes to implement transit and pedestrian safety improvements on Larkin Street, between Market Street and Sutter Street, as part of the Larkin Street Quick-Build Project (project). This project would remove one vehicle through travel lane on Larkin Street from Geary Street to Sutter Street, convert one of three vehicle through travel lanes to a left turn lane in two locations on Larkin Street from Golden Gate Avenue to Eddy Street and from O'Farrell

Street to Geary Street, implement a painted pedestrian safety zone at the McAllister Street and Larkin Street intersection, make color curb changes including modifying yellow commercial zones, general loading zones, green short-term general metered parking, and blue zones, and extending bus stop lengths to improve transit efficiency on the corridor.

Determination

The City and County of San Francisco decided to carry out or approve the project on September 16, 2025, when the SFMTA Board of Directors approved the project. The project was officially approved on October 16, 2025, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2024-01037ENV.
