NOTICE OF EXEMPTION

Project Title:

2122 Keith Way ADU

Control Number:

PLNP2025-00145

Project Location:

The project site is located on the south side of Keith Way, approximately 287 feet east of the intersection of Keith Way and Winifred Street, in the Arden Arcade community of the unincorporated Sacramento County.

APN:

244-0292-003-0000

Description of Project:

The project consists of a Minor Special Development Permit for the construction and ongoing occupancy of an Accessory Dwelling Unit (ADU) with attached garage that exceeds the maximum permitted height.

Name of Public Agency Approving Project:

Sacramento County – ceqa@sacounty.gov

Person or Agency Carrying out Project:

Mary Dorofeyev
3725 Madison Avenue, Suite 270
North Highlands, CA 95660
support@tovplans.com
(916) 481-0268

Exempt Status:

Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15303 – New Construction or Conversion of Small Structures

Reasons Why Project is Exempt:

Class Three (3) consists of the construction and location of limited numbers of new, small facilities or structures including (a) one single family residence, or a second dwelling unit in a residential zone. In urbanized areas, up to three (3) single-family residences may be constructed or converted under this exemption. The project consists of the construction of a 996 square foot ADU with covered porch and an attached 710 square foot garage. Therefore, the proposed ADU is exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

The project site does not include an environmental resource of hazardous or critical concern; therefore, the project would not have an impact on an environmental resource of hazardous or critical concern.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

As it stands, the project will not result in potentially significant impacts. The project consists of the construction of a 996 square foot ADU with an attached 710 square foot garage on an existing, developed parcel. No cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

The project consists of the construction of a 996 square foot ADU with an attached 710 square foot garage on an existing, developed parcel. There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

The project site does not contain any historical resources.
