**Project Title:** EMWD's Headquarters Roll-up Door Replacement Project  
**Project Location:** 2270 Trumble Road  
**City:** Perris  
**County:** Riverside

### Description of Nature, Purpose, and Beneficiaries of Project:

Eastern Municipal Water District's (EMWD) ongoing maintenance program identified the headquarter's roll-up doors as in need of replacement. The existing doors are over 30 years old, provide limited heat resistance, and are a source of radiant heat into the workspace.

The scope of the project includes the removal and replacement of 39 existing doors with doors fabricated with insulating material to resist heat transfer. The proposed project would help protect EMWD workers from heat illness in indoor workspaces, as outlined in the Cal/OSHA Indoor Heat Illness Prevention program. Beneficiaries of the project are EMWD employees.

**Public Agency Approving and Carrying Out Project:** Eastern Municipal Water District

### Exempt Status:

Categorical. 15301

### Reasons why project is exempt:

Implementation of the project consists of the repair and maintenance of existing mechanical equipment involving no expansion of existing use. The project would replace existing roll-up doors.
