

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Shingle Springs Rancheria Gaming Pavilion Project

Lead Agency: Shingle Springs Band of Miwok Indians

Contact Name: Tyler Bila

Email: tbila@redhawkcasino.com Phone Number: 916-206-3334

Project Location: Shingle Springs, El Dorado County

City

County

Project Description (Proposed actions, location, and/or consequences).

The Project consists of the development of a 6,200-sf gaming pavilion adjoining the existing Red Hawk Resort & Casino located on the Shingle Springs Rancheria in El Dorado County, which serves as the Tribe's Reservation. The single-floor gaming pavilion would be developed adjacent to the existing port cochere and extend from the east side of the existing casino building. The gaming pavilion would provide for the relocation of slot machines and table games from underutilized sections of the gaming floor. There are no specific plans for the floor space that would be freed up by the relocation of gaming activities, although the area may be used for improved circulation, gathering space, expanded buffet seating, bingo, or a poker room.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Proposed Project could expose sensitive receptors to substantial pollutant concentrations without mitigation. A dust and emissions control plan would be implemented as a mitigation measure for the Proposed Project. The plan would be prepared and implemented prior to construction that meets EDAQMD standards.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.
