Project Description: (please use a separate page if necessary)

The County of San Mateo Department of Public Works (County) is proposing a series of actions to repair culverts and construct site improvements to improve water quality and maintain proper roadway drainage conveyance along Wurr Road, Pescadero Creek Road, and Cloverdale Road near the communities of Pescadero and Loma Mar in unincorporated San Mateo County, California. The Project would include improvements such as new headwalls, and rock inlet protection and energy dissipation, installation of three new culverts, and replacement or upsizing of seven culverts along Wurr Road and Pescadero Creek Road. In addition, restoration work is proposed at the Cloverdale Road site. Proposed restoration activities will restore and enhance habitat for sensitive and common species and improve fish passage by demolishing the existing weir structures and concrete channel, restoring the channel and banks, and removing accumulated sediment.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
