

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: State Route (SR) 116/Green Valley Road Safety Improvements Project

Lead Agency: California Department of Transportation (Caltrans), District 4

Contact Name: Daniel Chan

Email: Daniel.Chan@dot.ca.gov Phone Number: (510) 496-9435

Project Location: The community of Graton, Sonoma County

City

County

Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation proposes to improve the safety of State Route 116 (SR 116) at the intersection of Green Valley Road in Sonoma County. The project would reduce the potential for and the severity of collisions through replacing the existing intersection with either a signalized intersection or a roundabout. *Check DED description for a good paragraph (details) to transfer*

The signalized intersection alternative proposes to realign and widen the SR 116 and Green Valley Road intersection. The roundabout alternative proposes to construct a 180-foot-diameter roundabout shifted about 35 feet southwest of the existing intersection.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Caltrans has prepared an initial study for this project and, pending public review, expects to determine from this study that the proposed project would not have any significant or potentially significant effects on the environment.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Caltrans is not aware of any controversy concerning the project area at this time.

Provide a list of the responsible or trustee agencies for the project.

Responsible agencies identified for this project include :

- California Transportation Commission
- Regional Water Quality Control Board (North Coast, Region 1).
