Project Description: *(please use a separate page if necessary)*

Caltrans is proposing a bridge foundation rehabilitation of the piers along the State Route 75 (SR-75) San Diego – Coronado Bay Bridge in San Diego County. The purpose of the proposed project is to rehabilitate the seismic resilience of the San Diego – Coronado Bay Bridge foundations to prevent a bridge collapse in the event of a major earthquake along the Rose Canyon fault. The proposed project would also upgrade the bridge protection system to prevent bridge collapse and reduce the consequences of travel, military readiness, and commerce to and from San Diego County due to accidental vessel impact.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".
