(Address)

Project Title: LAX Offsite Construction and Relocation (OCR) Yard Reactivation Project

Project Applicant: Los Angeles World Airports

Project Location - Specific:
Northern edge of Los Angeles International Airport (LAX), just south of Westchester Parkway and east of Falmouth Avenue

Project Location - City: Los Angeles Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

LAWA proposes to reactivate the LAX Offsite Construction and Relocation (OCR) Yard (Proposed Project) in its existing location. The subject facility was previously used for offsite construction of building segments which were then transported to their permanent site. The OCR construction approach provides numerous benefits including, but not limited to, cost and time savings compared to the more traditional construction approach. LAWA seeks to use the subject construction approach on a temporary basis for other upcoming building projects planned at LAX, particularly as related to building projects proposed to be completed prior to the 2028 Olympic and Paralympic Games in Los Angeles. The Proposed Project entails modifications, minor expansion, and restoration activities of the subject existing facility.
