

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: FY 2024 Water and Sewer Line Replacement Project

Lead Agency: City of Hayward

Contact Name: Derek Pham

Email: derek.pham@hayward-ca.gov

Phone Number: 510-583-5379

Project Location: Hayward

City

Alameda

County

Project Description (Proposed actions, location, and/or consequences).

The project would replace approximately 25,187 linear feet of existing water main and associated appurtenances at 13 locations throughout the City. The project would also rehabilitate approximately 30,949 linear feet of sewer lines, manholes, and appurtenances at 29 different locations throughout the City. Replacement of service lateral lines for both the water and sewer systems will be included.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project could result in impacts to previously unrecorded archaeological resources, if encountered during ground disturbing construction activities. This potential impact would be mitigated to a less than significant level with implementation of Mitigation Measures MM CUL-1.1 through MM CUL-1.4 which require archaeological monitoring during ground disturbance, work stoppage, and evaluation of the find if resources are encountered.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Potential impacts to unrecorded Native American archaeological resources

Provide a list of the responsible or trustee agencies for the project.

State Water Board, Caltrans
