

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Place and Purpose of Use, Extension of Time, and Instream Dedication Project

Lead Agency: Redway Community Services District

Contact Name: Cody Cox, General Manager

Email: cody@redwaycsd.org Phone Number: (707) 923-3101

Project Location: Redway Humboldt
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Redway Community Services District is applying to the State Water Resources Control Board (SWRCB) to amend existing water rights, including the following three components: An expansion in the Purpose and Place of Use (POU) for an existing diversion located in the South Fork of the Eel River (SF Eel River) to include all properties located within the District's jurisdictional boundary under the respective appropriative license (Application No: A11876; Permit No.: 07489; License No.: 3791) and an appropriative permit (Application No.: 23017; Permit No.: 15665) for the existing diversion. RCSD has also applied for a Petition for an Extension of Time associated with the SF Eel River appropriative permit (Application No.: 23017; Permit No. 15665) to include the recorded diversion from calendar year 2011 as the maximum beneficial use for the permit to ensure sufficient diversion amounts would be allowed and available to serve RCSD service connections once the future appropriative license is obtained. RCSD holds a third water right, which allows for diversion from an unnamed spring (Application No.: 23018; Permit No.: 15666). As part of the Project, once licensed, the RCSD is seeking to permanently dedicate their allocated diversion amount for instream use.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

N/A

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Water availability
Stream flow
Adverse impacts to fish and wildlife
Cumulative impacts
CEQA compliance

Provide a list of the responsible or trustee agencies for the project.

State Water Resources Control Board - Division of Water Rights
North Coast Regional Water Quality Control Board (Region 1)
California Department of Fish and Wildlife (Region 1)
