Present Land Use/Zoning/General Plan Designation:

General Plan and Zoning: Institutional/School

Project Description: (please use a separate page if necessary)

The Project would construct 128 residential units, including a combination of two-story single-family detached cluster homes and two-story attached triplexes and duplexes. Residential amenities would include private and common open space, parking, a tot lot, barbeque area, shaded gathering space, and a butterfly garden. The existing school buildings and surface parking lot on the Project site would be demolished to accommodate the Project. As the Institutional/School General Plan land use designation and zone does not allow for residential uses, a General Plan Amendment and a Zone Change would be required. The Project would require a General Plan Amendment to change the land use designation from Institutional to Medium Density Residential within the University District, as well as a Zone Change from Institutional/School (INS) to University District – Residential Medium (DU-RM). The Project site would be accessible from East Mauna Loa Avenue and North Calera Avenue and internal circulation on the site would be provided by internal streets, driveways, and alleyways. The Project would include a central paseo with a pathway for pedestrian connectivity, landscaping with drought-tolerant plantings and eco-conscious irrigation systems, and energy-efficient utility systems, including electric vehicle charging stations. Electrical utility lines would be converted to below-ground along East Mauna Loa Avenue and North Calera Avenue. Other off-site improvements may be required to connect to existing utilities within existing roadways.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
