Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: SR-74 Multi Asset

Lead Agency: Caltrans District 12

Contact Name: Carmen Lo

Email: carmen.lo@dot.ca.gov Phone Number: 949-774-0756

Project Location: San Juan Capistrano and Unincorporated Area in OC (*City*) Orange (*County*)

Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) proposes the multi-asset management project is located along State Route 74 (SR-74) from SR-74/ Interstate 5 (I-5) Separation (PM 0.0) to 1.0-mile East of San Juan Creek (PM 11.5), in Orange County, including the city of San Juan Capistrano and the county unincorporated area. The project proposes to address a range of improvement, including roadway, traffic safety devices, complete street elements, and drainage systems. Two alternatives are being considered; the Build and No Build Alternative.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have no effect on:
Aesthetics, Agricultural Resources, Mineral Resources, Population/ Housing, Utilities and Service Systems, Land Use/Planning, Greenhouse Gas Emissions, Transportation, Public Services, Recreation

In addition, the proposed project would have less than significant effect on:
Air Quality, Cultural Resources, Tribal Resources, Energy, Geology, Hazard and Hazardous Materials, Hydrology and Water Quality, Noise, Public Services, Transportation/Traffic, Geology and Soils (Paleontological Resources) and Biological Resources

The project will implement measures as discussed in Chapter 2 of the Initial Study (IS). All the measures and project features have been included in the Environmental Commitment Record (ECR) in the IS.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

This project does not have any areas of controversy known to the Lead Agency.

Provide a list of the responsible or trustee agencies for the project.

California Transportation Commission
