Project Description: (please use a separate page if necessary)

An update to the City of Patterson Housing Element consistent with Government Code Sections 65580 through 65589. Adoption of the Housing Element update would constitute an amendment to the City's General Plan. The Housing Element update identifies sufficient housing sites to meet and exceed the City's Regional Housing Needs Assessment and establishes goals, policies, and programs to facilitate the development of these units. The Initial Study has been revised to address comments received on the original NOP and Initial Study from public agencies and members of the public as well as to correct information regarding groundwater sustainability that was not factually accurate.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
