Project Title: Sargent Industries Interim Remedial Action Plan

Lead Agency: Department of Toxic Substances Control

Contact Name: Manjul Bose

Email: manjul.bose@dtsc.ca.gov Phone Number: 818-717-6560

Project Location: Huntington Park (*City*) Los Angeles (*County*)

Project Description (Proposed actions, location, and/or consequences).

The Department of Toxic Substances Control is considering approval of an Interim Remedial Action Plan for the remediation of contaminants of concern in soil and soil vapor at the former Sargent Industries site. The interim remedial action would consist of the excavation and off-site disposal of contaminated soil in combination with installation and operation of a soil vapor extraction system, and installation of a vapor intrusion mitigation system under the new building. The existing Land Use Covenants would be modified to encompass the entire Project site.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would not result in any potentially significant impacts.

Revised September 2011

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known project controversy.

Provide a list of the responsible or trustee agencies for the project.
