Del Sol Academy Grade Span Change and Middle School Attendance Boundary Adjustment

Project Title

Del Sol Academy-11626 Forsythia St., Jurupa Valley, CA 91752; Mira Loma Middle School-5051 Steve Ave., Jurupa Valley, CA 92509

Project Location – Specific

Jurupa Valley | Riverside

Project Location – City | **Project Location – County**

The Jurupa Unified School District (District) proposes to reconfigure the grade levels served at the existing Del Sol Academy from TK-8 to TK-6. The District further proposes to transition seventh and eighth grade students from Del Sol Academy to Mira Loma Middle School. The Mira Loma Middle School attendance boundaries would be expanded to absorb the territory now served by Del Sol Academy with respect to seventh and eighth grade students only. The proposed activity would benefit the District by yielding a more efficient allocation of District resources and a corresponding reduction in Del Sol Academy's operating budget.

Description of Nature, Purpose, and Beneficiaries of Project

Jurupa Unified School District

Name of Public Agency Approving Project

Jurupa Unified School District

Name of Person or Agency Carrying Out Project

Exempt Status:

☒ Common Sense Exemption-CEQA Guidelines Section 15061(b)(3); Categorical Exemption: Class 14, Minor Additions to Schools-CEQA Guidelines Section 15314

Common Sense Exemption (CEQA Guidelines Section 15061(b)(3)): The redistribution of seventh and eighth grade students from Del Sol Academy will not expand total District student population and there will be no net increase in the intensity of use of District facilities. Mira Loma Middle School has ample capacity to serve the Del Sol Academy students and changes to student transportation patterns would be negligible. Therefore, there is no possibility that the proposed project involves any activity that may have a significant effect on the environment.

Minor Additions to Schools (CEQA Guidelines Section 15314): The project will not increase original student capacity of Mira Loma Middle School by more than 25% or ten classrooms. The Project is not of statewide, regional, or areawide significance, per criteria in CEQA Guidelines Section 15206.

Exceptions (CEQA Guidelines Section 15300.2) do not apply to the exemption. (a) The Project site is not in a sensitive environment that is mapped or adopted by federal, state, or local law. (b) The District does not propose any successive projects of the same type in the same place, over time at the Project site. (c) There are no unusual circumstances related to the Project that could cause a significant environmental effect. (d) The Project sites are not near any scenic highways. (e) The Project sites are not on a list compiled pursuant to Government Code Section 65962.5. (f) The Project sites are not a historical resource.
