MEMORANDUM SENT VIA ELECTRONIC MAIL

January 27, 2026

Office of Land Use and Climate Innovation (LCI)

RE: MITIGATED NEGATIVE DECLARATION FOR THE ZERO EMISSIONS PORT ELECTRIFICATION OF OPERATIONS AND GRID RELIABILITY PROJECT DATED DECEMBER 17, 2025, STATE CLEARINGHOUSE NUMBER [2025120795](#)

To whom it may concern,

The Department of Toxic Substances Control (DTSC) is requesting the withdrawal of Comment Letter for the Zero Emissions Port Electrification of Operations and Grid Reliability Project that was submitted the morning of January 27, 2026, due to typo indicating the San Francisco Regional Water Quality Control Board had oversight. The Los Angeles Regional Water Quality Control Board actually has oversight on the site. The corrected version will be resubmitted along with this letter, thank you!

If you have any questions, please respond to this letter or via [email](#) for additional guidance.

Sincerely,

Dave Kereazis
