

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: State Route 142 S-Curve

Lead Agency: CALTRANS

Contact Name: Hannah Duarte

Email: hannah.duarte@dot.ca.gov

Phone Number: 909-472-5756

Project Location: Chino Hills

City

San Bernardino

County

Project Description (Proposed actions, location, and/or consequences).

It is proposed to widen the highway S-curve between Carriage Hill Lane and Azurite Drive from Post Mile (PM) 2.2 to PM 2.5 on State Route 142 (SR-142) in the City of Chino Hills, in San Bernardino County. The scope of work includes widening of existing pavement, constructing retaining walls, replacing existing culverts, drainage improvements, and constructing guardrail as needed. Also included in the scope of work is removing existing street lighting and adding new lighting to improve visibility through the S-curve.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have no effect on: Agriculture and Forest Resources, Cultural Resources, Energy, Geology and Soils, Hazards and Hazardous Materials, Hydrology and Water Quality, Land Use and Planning, Mineral Resources, Noise, Population and Housing, Public Services, Recreation, Transportation, Tribal Cultural Resources and Wildfire.

The proposed project would have less than significant effects to: Air Quality, Greenhouse Gas (GHG) Emissions.

With the following measures incorporated, the proposed project would have less than significant effects to Aesthetics and Biological Resources:

Habitat Restoration for temporary impacts to vegetation

Existing Resource Protection for vegetation

Habitat Mitigation and Monitoring Plan for vegetation

Restoration of compensatory habitat within the watershed associated with the project area.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
