

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Verizon Wireless and Everest Infrastructure Partners (UP25-0003)

Lead Agency: Butte County

Contact Name: Mark Michelena

Email: mmichelena@buttecounty.net Phone Number: 530.552.3683

Project Location: Oroville Butte
City *County*

Project Description (Proposed actions, location, and/or consequences).

Proposed Conditional Use Permit to construct a new unmanned wireless communications monopole, 165' in height. A five-foot tall lightning rod would extend from the top of the pole. Verizon's ground equipment would consist of two equipment cabinets (with space for a third) and a 30 kW emergency backup generator with a 203-gallon diesel fuel tank, all installed on a concrete slab. The site would be secured by a 6' tall chain link fence with brown slats and topped with barbed wire. Fiber-optic cable would be installed underground from Cole Canyon Road. The site would be accessed off the existing private access road (Flag Creek Road), with a new, approximately 300' long all-weather access road with a fire turnaround, covering the remaining distance to the lease area. Three (3) three-foot, three (3) four-foot and three (3) six-foot panel antennas (nine total) would be attached with related equipment including remote radio unit (RRUs), overvoltage protection (OVP) boxes, one (1) microwave antenna and one (1) GPS antenna. The project includes (2) ground mounted radio cabinets with one equipment canopy on a reinforced concrete pad.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

None

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.
