Project Title: Pier S Pump Station No. 30 Rehabilitation Project– Harbor Development Permit No. 25-064

State Clearinghouse No:

Project Location – Specific: Pier S, Ocean Boulevard Stormwater Pump Station No. 30; Harbor Planning District 4 – Terminal Island

Project Location – City: Long Beach, California

Project Location – County: Los Angeles County

Description of Nature, Purpose and Beneficiaries of Project:

Rehabilitation of Pier S Stormwater Pump Station No. 30 involves replacing aging vertical turbine pumps, existing electrical switchgear and motor control center (MCC) as well as installing updated pump control panels. Electrical upgrades will include conduit, conductors, grounding, lighting, security cameras, and associated appurtenances.

Exempt Status:

- | | |
|---|---|
| ☐ Ministerial Exemption [Section 21080(b)(1); 15268]; | ☐ Common Sense Exemption (Section 15061(b)(3)) |
| ☐ Declared Emergency (Section 21080(b)(3); 15269(a)); | ☐ Other: |
| ☐ Emergency Project [Section 21080(b)(4); 15269(b)(c)] | |
| ☒ Categorical Exemption. State type and section number: Section 15302 (Replacement or Reconstruction) and Section 15303 (New Construction or Conversion of Small Structures) | |
| ☐ Statutory Exemption. State code number: | |

Reasons why project is exempt:

Section 15302 Replacement or Reconstruction (Class 2): The Class 2 Categorical Exemption consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. The replacement of aging vertical turbine pumps, existing electrical switchgear, and motor control center (MCC) will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. All equipment that is removed from the site will be disposed of in a manner that meets all federal, state and local environmental and regulatory requirements.

Section 15303 New Construction or Conversion of Small Structures (Class 3): The Class 3 Categorical Exemption consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The project involves the installation of new updated control panels and electrical upgrades including conduit, conductors, grounding, lighting, security cameras, and associated appurtenances that are small facilities or structures.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15302 (Replacement or Reconstruction) and Section 15303 (New Construction or Conversion of Small Structures) ; therefore, the Project is exempt from CEQA and no further environmental review is required.
