Project Title: Emergency Lindo Channel Erosion Repairs at Manzanita Avenue

Project Location – General: Chico, Butte County, CA

Project Location - Specific: Northern bank of Lindo Channel, near the Manzanita Avenue/Howard Drive intersection (see attached map).

Description of Project: The City of Chico proposes to complete emergency repairs on two actively eroding sites within Lindo Channel along Manzanita Avenue near the Howard Drive intersection. High flows from recent storm events resulted in sudden and significant erosion of the channel that is risking the collapse of the adjacent paved road shoulder and bike/travel lanes of Manzanita Avenue, a critical collector in the City's roadway system. Repair Area 1 is approximately 13 feet deep, 121 feet long, and 30 feet wide, encompassing approximately 0.10 acres. Repair Area 2 is approximately 135 feet long, 20 feet wide, and ranges from 4-10 feet deep, encompassing approximately 0.05 acres.

The restoration work includes placement of rock slope protection (RSP) in the form of graduated cubic yard sized boulders placed over erosion control fabric. Repair Area 1 will require backfilling and compaction to restore the roadway shoulder. Work with heavy equipment will be completed from the top of bank. Hand work may occur within the channel to guide and key in base boulders. The majority of work is anticipated to occur outside standing or flowing water. However, if some flow through the work area remains, it may be necessary to divert flows and/or conduct placement of the RSP at a rate slow enough to minimize the potential of surface water turbidity increases. A biological monitor will be present for all in-channel work. Traffic closures of one to two lanes will be implemented as needed.

Name of Public Agency Approving Project: City of Chico

Name of Person Carrying Out Project: Brendan Ottoboni - Director, Public Works – Engineering

Exempt Status: (Check One)

- ☐ Ministerial
- ☐ Declared Emergency (Sec. 21080(b)(3);15269(a);
- ☒ Emergency Project (Sec. 21080(b)(4);15269(b)(c);
- ☐ Categorical Exemption:
- ☐ Statutory Exemptions.

Reasons Why Project is Exempt: The project involves the immediate reinforcement of a stream bank to prevent continued erosion and potential road collapse. This exemption applies to emergency projects on publicly owned and serviced facilities that are necessary to maintain public health, safety, and welfare. This exemption allows for specific actions necessary to prevent or mitigate an emergency.
