Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation proposes to preserve pavement, stabilize shoulders, restore drainage facilities, and update highway features on State Route 203, from post miles L0.0 to R8.7, in Mammoth Lakes (Mono County), California.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.
