RE: Updated Notice of Completion (NOC) and Notice of Intent (NOI) – Correction to Review Dates

This memorandum documents a correction to the review dates listed in the previously submitted Notice of Completion (NOC) and Notice of Intent (NOI) for the above-referenced project.

During a routine review of the CEQA Submit posting, it was identified that the review dates listed on the NOC and NOI did not accurately reflect the actual posting date on the State Clearinghouse CEQAnet system. To ensure consistency between the notices and the official CEQAnet posting, the NOC and NOI have been updated to reflect the correct posting date.

No other changes were made to the content of the notices. The correction is administrative in nature and does not affect the project description, environmental analysis.

Updated versions of the NOC and NOI are attached and are being submitted to replace the previously uploaded files. Please include these revised documents as part of the official project record.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

Jared Jerome

The Town of
Yucca Valley
