Dear Ms. DeAnda:

The California Department of Transportation (Caltrans) appreciates the opportunity to review the Use Permit Application No. PLN2025-0116 – Marchy Dorsett project. The proposed project is located at 11131 and 11137 John Fox Road, between Swanson and Sperry Roads, in the Hughson/Waterford area.

Caltrans has the following comments:

Traffic Operations

1. What type of trucks will be accessing the facilities?
2. How many trucks a day will be hauling to and from the facilities?
3. Will the trucks be accessing State Route 132? If so, from what location(s)?
