☐ Statutory Exemptions. State code number:
☒ Other Exemption: CCR 15061(b)(3) - General Rule Exemption

Reasons why project is exempt: The proposed Amendment of this Revenue License Agreement qualifies for an exemption under CEQA Guidelines Section 15301 - Existing Facilities, as it involves the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, or topographical features, with no expansion of use beyond that existing at the time of approval. Additionally, because this action is purely administrative and transactional in nature, it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment, and therefore it also qualifies for a commonsense exemption under CEQA Guidelines Section 15061(b)(3).
