Project Description: (please use a separate page if necessary)

The proposed Redondo Beach Avenue A Access Ramp Project (Project) is a series of improvements and modernization to the existing access ramp and associated infrastructure along Esplanade in Redondo Beach, California. The Project can be found at the western terminus of Avenue A and includes the removal of the existing access path, retaining wall, and pedestrian railing, and new construction of an Americans with Disabilities Act (ADA)-accessible concrete path, and a concrete staircase on the north side of the newly constructed access path. Additionally, the Project would include the general grading of the bluff, removal and replacement of existing landscaping with native and drought tolerant plantings and irrigation, and installation of a bicycle rack, bollard lighting, bench seating, guardrails and handrails, drainage swales, and miscellaneous drainage improvements.
