Project Title: Sacramento River wildlife Area Restoration (Streambed Alteration Agreement EPIMS Notification No. GLE-48425-R2)

Project Location: The project is located at Sacramento River, in the County of Glenn, State of California; Latitude 39.601456, Longitude -121.999266 (WGS 84 datum, decimal degrees).

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement, EPIMS Notification Number GLE-48425-R2, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Logan Giesbrecht.

The project consists of restoration of an unpermitted bank cut on the Jacinto Unit of the Sacramento River Wildlife Area to prevent further bank erosion and further adverse impacts to the habitat supported on the wildlife area. This restoration project is being carried out in response to a Notice of Violation (NOV) issued by CDFW in 2021.

Public Agency Approving Project: California Department of Fish and Wildlife

Person / Public Agency Carrying out Project:

Logan Giesbrecht
2692 State Hwy 45
Glenn, CA 95943
(530) 934-3164
Logangies76@gmail.com

Exempt Status:

Categorical Exemption. Type – Class (2, 4, 33); California Code of Regulations, title 14, sections (15302, 15304, and 15333)

Reasons why project is exempt: **Class 2** because the project consists of reconstruction of a stormwater drainage channel and small section of the wildlife area to pre-violation conditions. **Class 4** because the activity consists of minor alterations to the existing wildlife area and it does not involve the removal of healthy, mature, scenic trees. **Class 33** because the project will involve restoration and enhancement of existing natural habitat present on the wildlife area.
