Project Title: Sloughhouse RCD Stream Gage Installation Project

Project Applicant: Sloughhouse Resource Conservation District

Project Location - Specific:
Project will consist of seven different locations throughout Sacramento and Amador Co

Project Location - City: See attachment 1 Project Location - County: Sacramento, Amador

Description of Nature, Purpose and Beneficiaries of Project:
Access to reliable, real-time information about the conditions and amount of water flowing into our rivers and streams is critical for SRCD to manage natural resources through collaboration with stakeholders and partners to protect groundwater for long-term sustainability, surface water for multiple uses including agriculture, fish, and wildlife, and natural areas for their habitat value. To help better understand surface water quantities and characteristics, SRCD, through funding from the Department of Water Resources' Stream Gage Improvement Program ("CalSIP"), will upgrade, reactivate and install new surface water gaging stations.
