

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Mooretown Lift Station and Pipeline Upgrades

Lead Agency: Lake Oroville Area Public Utility District

Contact Name: David Goyer, General Manager

Email: manager@loapud.com

Phone Number: 530-533-2000

Project Location: Oroville

*City*

Butte

*County*

Project Description (Proposed actions, location, and/or consequences).

The project involves the replacement of gravity sewer pipelines and manholes, and the replacement of sewer lift station pumps, electrical controls, and standby generator. Pipeline replacement will include approximately 1,270 feet of existing undersized 10" diameter sewer pipeline with new 18" diameter pipeline along with five 48" diameter concrete manholes to be installed in the same location as the existing facilities. Lift station upgrade will include replacement of two 25 horsepower pumps with two new 35 horsepower pumps, replacement of electrical control panels including motor controls, automatic transfer switch, SCADA telemetry equipment, and utility meter/main, and replacement of the standby generator.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Air Quality-Construction and transportation dust control measures

Biological Resources-Steambed Alteration Agreement Permit, Raptor survey

Cultural Resources-Work stoppage, consultation with archaeologist

Hazardous Materials-Equipment maintenance and inspections, spill containment kits

Hydrology and Water Quality-Erosion control BMPs, stream channel dewatering and restoration

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife, Region 2 - Steambed Alteration Agreement Permit
