**Project Description:** *(please use a separate page if necessary)*

The City proposes to construct a mixture of Class I, Class III and Class IV trails connecting the Fairfield-Vacaville Hannigan Train Station with three schools and Travis Air Force Base. The path of the new trail encompasses the Train Station South Portal to the Markeley Lane-Viking Lane intersection (Class I temporary trail), Markeley Lane (Class IV), De Ronde Drive (Class IV), intersects Forbes Street, parallels the storm drain channel (Class I), Air Base Parkway (Class I) and Parker Road (Class III). Proposed improvements would include lighting, camera system, wayfinding signage, storm water low-impact development (LID), and potentially seating areas if funding allows. The project would not require future construction to fully utilize design capabilities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
