

## Eastern Municipal Water District

2270 Trumble Road  
P.O. Box 8300  
Perris, CA 92572-8300

## Notice of Exemption

---

**To:** Riverside County Clerk  
2724 Gateway Drive  
Riverside, CA 92507

**Project Title:** Moreno Valley Regional Water Reclamation Facility Tertiary Effluent Distribution Structure project  
**Project Location:** 17140 Kitching Street  
**City:** Moreno Valley  
**County:** Riverside

### Description of Nature, Purpose, and Beneficiaries of Project:

The proposed project would aid in the distribution of effluent to the tertiary effluent ponds at the Moreno Valley Regional Water Reclamation Facility (MVRWRF). It would consist of an effluent distribution structure located 22 feet deep between ponds 3 and 6 and at the end of an existing 18-inch pipeline, with laterals connecting to these two ponds. The purpose of the proposed project would be to store and withdraw effluent from the ponds via laterals to ponds 3 and 6 and to assess the condition of the 18-inch pipe. Beneficiaries of the project are EMWD ratepayers, as the project would increase efficiency at the MVRWRF.

**Public Agency Approving and Carrying Out Project:** Eastern Municipal Water District

### Exempt Status:

Categorical. 15301(b)

### Reasons why project is exempt:

Implementation of the proposed project would consist of the minor alteration of an existing facility used to provide sewerage services. The project would add a structure to better manage storage and withdrawal of effluent without increasing the capacity of the effluent ponds.
