Present Land Use/Zoning/General Plan Designation:

Residential Mixed-Use/ Central Business District (C-3-SPD)

Project Description: *(please use a separate page if necessary)*

The project would involve the demolition of three state-owned office buildings that have a combined gross floor area of approximately 729,700 square feet to remove underutilized office space and allow for the future development of another use within these parcels. Upon completion of the demolition, the site will be ready for construction of a future use. DGS has been in discussions with California State University, Sacramento (hereinafter referred to as Sacramento State or University) for the potential reuse of the site. The intent of the proposed project is to demolish the subject properties regardless of whether a transfer to Sacramento State occurs. Because the University has not yet developed specific plans for the project site, there is insufficient detail to analyze future uses at a project level of detail (see CEQA Guidelines Section 15161) in the EIR. Accordingly, as identified above, the EIR will evaluate the sites future development at a programmatic level consistent with CEQA Guidelines Section 15168. Once a future land recipient is confirmed and a more detailed development scenario is identified, the University or other appropriate lead agency will prepare a separate CEQA analysis for the development scenario.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
