Project Title: SONGS Camp Pendleton Rip Rap Maintenance Project

Project Applicant: Southern California Edison

Project Location – Specific: 33.368907, -117.557236

Project Location – City: Marine Corps Base Camp Pendleton

Project Location: San Diego County

Description of Nature, Purpose, and Beneficiaries of Project: Southern California Edison (SCE) is required to maintain a pedestrian walkway through the San Onofre Nuclear Generating Station (SONGS) Exclusion Area below the SONGS seawall. The riprap materials adjacent to the walkway retaining wall have been degraded by wave action over the years. While the riprap on the south portion of the walkway was restored to its original design in 2018, the remaining (north) portion continues to degrade. Through this project, SCE proposes to restore 1470 linear feet of the northern portion of the walkway riprap to its original, permitted design. These repairs will preserve the integrity of the walkway and ensure pedestrian safety.

Name of Public Agency Approving Project:
Quality Control Board

California Regional Water

Name of Persons or Agency Carrying Out Project: Southern California Edison

Exempt Status (check one):

Ministerial (Sec. 21080(b)(1); 15268).

Declared Emergency (Sec. 21080(b)(3); 15269(a)).

Emergency Project (Sec. 21080(b)(4); 15269(b)(c)).

Categorical Exemption. State type and section number: Class 1, California Code of Regulations, title 14, section 15301

Statutory Exemption. State code number: _____

Reason why project is exempt: The project proposes repair of an existing structure involving no expansion at an existing facility of utilities to provide electric power (Section 15301 (b)) as well as restoration of deteriorated or damaged structures, facilities, or mechanical equipment to meet current standards of public health and safety (Section 15301 (d)).

Responsible Agency
