

**NOTICE OF INTENT TO ADOPT A
MITIGATED NEGATIVE DECLARATION OR NEGATIVE DECLARATION
AND NOTICE OF PUBLIC HEARING BY
THE SHASTA-TEHAMA-TRINITY JOINT COMMUNITY COLLEGE
DISTRICT BOARD OF TRUSTEES**

NOTICE IS HEREBY GIVEN that the Shasta-Tehama-Trinity Joint Community College District Board of Trustees will consider recommended environmental determinations and hold a public hearing on whether to adopt, conditionally adopt, or deny the proposed *Shasta College Facilities Master Plan Amendment Two (Project) Initial Study & Mitigated Negative Declaration* described in this notice. A public hearing to consider the *Project* will be held on **Wednesday, May 13, 2026, with the session beginning at 6:30 p.m.**, or as soon thereafter as the business of the District Board of Trustees will allow. The public hearing will be conducted at the **Shasta College Community Leadership Center, 1401 California Street, Board Room, 5th Floor, Redding, California.**

Based on a preliminary analysis, the Shasta-Tehama-Trinity Joint Community College District Board of Trustees, as lead agency, intends to adopt a Mitigated Negative Declaration (MND) for the *Project*. An MND is a statement that a project will not result in a significant adverse effect on the environment.

The *Shasta-Tehama-Trinity Joint Community College District Facilities Master Plan 2014-2030* recommended projects as funding became available. The District amended the *2014-2030 Master Plan* and adopted the *May 2018 Facilities Master Plan Amendment One*, which proposed projects within 250 acres of the 337-acre Shasta College Campus. Measure H bond funding would be the primary source of funding for existing building and infrastructure demolition and renovations, new building and infrastructure construction, and proposed future building sites with infrastructure.

The *Shasta College Facilities Master Plan Amendment Two*, also within the boundaries of the *Facilities Master Plan Amendment One*, proposes several new projects on 25.12 acres, also to be mainly funded by Measure H bonds, in three distinct *Study Areas*. Additional Training Facilities are proposed within the approximate 3.50-acre *Study Area 1*, located within the Fire Training Center boundaries. Proposed for *Study Area 2*, encompassing about 14.32 acres, are additional Fire Training Facilities, an Emergency Vehicle Obstacle Course (EVOC), an Apparatus Building, and expansion of the existing Stormwater Retention Pond. Student Housing is proposed in two phases on approximately 7.3 acres in *Study Area 3*. Currently, a 45,000-square-foot dormitory is proposed for each phase. Phase 1 is around 3.9 acres, and Phase 2 is approximately 3.4 acres.

A 30-day public review period for the proposed Initial Study and MND begins on Thursday, March 26th, and ends on Friday, April 24, 2026. ALL INTERESTED PARTIES are encouraged and invited to submit written comments regarding the proposed actions or be present at the public hearing to be held regarding the actions to be considered, including, but not limited to, the proposed *Project*, and the finding that the Final Initial Study & MND has been completed in compliance with CEQA. To ensure consideration by the District Board, all written material concerning the proposed *Project* should be submitted to the **Shasta College Administrative Office, Building 5000, Room 5102, 11555 Old Oregon Trail, Redding, California 96003**, or via e-mail to **tmarkword@shastacollege.edu** as soon as possible and no later than three days prior to the hearing.

All items presented to the District Board of Trustees before or during a public hearing, including but not limited to letters, e-mail, petitions, photos, or maps, become a permanent part of the record and must be submitted to the Recorder of the District Board of Trustees. It is advised that the presenter bring eleven (11) copies of materials presented to the District Board of Trustees, that the presenter create copies in advance for their own records, and that all written material concerning the proposed actions is requested to be submitted to the Shasta College Administrative Services Office as soon as possible and no later than three days prior to the hearing.

Persons who desire additional information regarding the *Project*, and/or the Initial Study and MND, or who wish to submit comments, or appear before the District Board of Trustees, are encouraged to first contact **Ms. Theresa Markword at (530) 242-7699 or email tmarkword@shastacollege.edu**. Please note that any challenge of the proposed action in court may be limited to only those issues raised at the public hearing described in this notice, or in written correspondence delivered to the District Board of Trustees, or prior to the public hearing.

Copies of the March 6, 2026, *Shasta College Facilities Master Plan Amendment Two Initial Study & Mitigated Negative Declaration* and reference documents are available for review at the **Shasta College Administrative Services Office, Building 5000, Room 5102, 11555 Old Oregon Trail, Redding, California 96003**;

Telephone (530) 242-7699. Some of the documents are available in electronic format upon request, as previously noted, by contacting **Ms. Theresa Markword**. The Staff Report for the *Project* and Initial Study & MND will be available no later than Friday, May 8th, at 5:00 p.m. Written information for the District Board of Trustees may be submitted to Ms. Markword. Please bring this notice to the attention of anyone who may be interested in this information.
