Project Title Installation of Coronado Monument Sign by Rotary Club of Coronado at Tidelands Park
Project Applicant: Bill Sandke, Chair, Rotary Club of Coronado, 642 I Avenue, Coronado, CA 92118, (619)435-6822
Project Location – Specific Coronado Tidelands Park, 2000 Mullinex Dr, Coronado, CA 92118
Project location – City San Diego
Project Location – County San Diego

Description of Nature, Purpose, and Beneficiaries of Project The proposed project would involve the installation of a monument sign intended to be temporary in nature by the Rotary Club of Coronado at Coronado Tidelands Park in the city of Coronado, California. The sign would spell out the word "CORONADO" and be placed adjacent to the Bayshore Bikeway, northeast of the Coronado Tidelands Park playground. Work to specifically complete the proposed project would involve the installation of

- A sign structure with removable channel letters measuring approximately 34 feet (ft) in length, 1 ft in width, and 4 ft in height. The letters would be constructed of aluminum and anchored to a concrete base.
- A concrete base measuring approximately 36 ft in length, 6 ft in width, and 1 ft in height, with below-grade footing extending approximately 2 ft for structural support.
- A poured-in-place playground surfacing material installed flush atop the concrete base measuring approximately 3 inches (in) in height, and
- an adjacent engraved bronze plaque measuring approximately 2 ft in height and 18 in in width with a poured-in-place concrete footing.

The project proposes the temporary installation of a monument sign for a duration of up to five (5) years, with the possibility of extension. The sign height would not exceed the height of existing vegetation at the project site. The proposed signage would be illuminated through the installation of conduit at 18 in minimum below ground. The lighting would be recessed, downward directed lighting to avoid light spillover and would not exceed 2700 Kelvin. The sign would be illuminated from sunset until the park's closing hours. All appropriate best management practices would be implemented during the construction and maintenance of the proposed project.

Construction of the proposed project is anticipated to occur in Winter 2026 and would take approximately seven (7) weeks to complete, with ongoing maintenance as needed. Equipment required to complete the project would include a mini excavator, dump truck, and hand tools. Staging for the duration of the proposed project would require the use of approximately five (5) parking stalls, and a small section of promenade would need to be blocked off for several hours on approximately two (2) separate days. The contractor would be responsible for pedestrian and bicycle traffic control on the Bayshore Bikeway and utilize safe-passage signage and safety barriers. Signage notifying the public of the construction of the project and alternative access points and routes shall be posted during the temporary closure.

Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

Name of Public Agency Approving Project San Diego Unified Port District (SDUPD)

- Exempt Status (Check one)
- Ministerial (Sec 21080(b)(1), 15268),
 - Declared Emergency (Sec 21080(b)(3), 15269(a)),
 - Emergency Project (Sec 21080(b)(4), 15269(b)(c)),
 - Categorical Exemption(s): New Construction or Conversion of Small Structures (SG § 15303) (Class 3), Minor Alterations to Land (SG § 15304) (Class 4), and Accessory Structures (SG § 15311) (Class 11)**
 - Statutory Exemption State code number

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Sections 15303 (New Construction or Conversion of Small Structures), 15304 (Minor Alterations to Land) and 15311 (Accessory Structures) and Sections 3 c , 3 d , and 3 i of the District's Guidelines for Compliance with CEQA because it is the installation of a monument sign that would consist of construction and location of new, small facilities/structures and would result in no permanent effects on the environment, and would not involve the removal of mature, scenic trees Section 3 c , 3 d , and 3 i of the District's CEQA Guidelines is as follows

3 c New Construction or Conversion of Small Structures Includes construction of limited numbers of new, small facilities or structures, installation of small new equipment and facilities in small structures, and conversion of existing small structures from one use to another with minor modifications to the exterior of the structure

AND/OR

3 d Minor Alterations to Land Includes minor alterations in the condition of land, water and/or vegetation not involving removal of mature, scenic trees

AND/OR

3 i Accessory Structures Includes construction, or placement of minor structures accessory to (appurtenant to) existing facilities, including
