CEQA NOTICE OF EXEMPTION

TO: Orange County Clerk-Recorder
601 N. Ross Street
Santa Ana, CA 92701

FROM City of Brea
Community Development Department
1 Civic Center Circle
Brea, CA 92821

PROJECT TITLE/CASE NO.: 2026 CITY OF BREA EMERGENCY OPERATIONS PLAN

PROJECT LOCATION: Citywide

PROJECT DESCRIPTION: The City of Brea's 2026 Emergency Operations Plan (EOP) is an update to a comprehensive multi-hazard planning document that establishes policies, procedures, and responsibilities for City departments and partner agencies in preparing for, responding to, and recovering from large-scale emergencies and disasters. The plan provides operational guidance for activation and management of the City's Emergency Operations Center and coordinates emergency response activities in accordance with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS). The plan includes updates to comply with new state legislation (AB 478 & AB 741) related to evacuation procedures, mass care and shelter operations, and accommodation of pets at evacuation shelters.

Name of Public Agency Approving Project: City of Brea

Reason why project is exempt:

The City of Brea's 2026 EOP establishes policies, procedures, and responsibilities for City departments and partner agencies in preparing for, responding to, and recovering from large-scale emergencies and disasters. The EOP provides operational guidance for activation and management of the City's Emergency Operations Center and coordinates emergency response activities. The EOP includes updates related to evacuation procedures, mass care and shelter operations, and accommodation of pets at evacuation shelters. The EOP is an administrative and organizational document intended to guide emergency management activities and does not authorize or approve any specific physical development or construction projects. As such, the 2026 EOP will not result in a direct or reasonably foreseeable indirect physical change to the environment. As such, adoption of the EOP will not have a significant effect on the environment. Any future emergency projects that may involve physical improvements would be evaluated separately for compliance with CEQA, as applicable.
