Present Land Use/Zoning/General Plan Designation:

Orchard/Exclusive Agriculture (E-A) Zoning/Agriculture General (AG) General Plan

Project Description: *(please use a separate page if necessary)*

The proposed project consists of a Lot Line Adjustment (LLA) and a Variance (VAR), affecting APN 011-220-130 (Prior APN 011-220-007). The LLA would separate an existing agricultural airstrip into its own parcel of approximately 2.43 acres and adjust an existing lot line while maintaining two legal non-conforming parcels.

The Variance is requested to allow a reduced parcel size below the minimum 40-acre lot size requirement for Exclusive Agriculture zoning in order to accommodate the existing agricultural airstrip as a standalone parcel. The airstrip functions as an agricultural support facility serving surrounding agricultural operations and is not intended for independent development. The project does not include new development, building construction, or expansion of existing uses. Ground disturbance would be limited to minor survey work and recordation-related activities associated with the LLA. Ongoing agricultural operations, including seasonal aerial seeding, spraying, and fertilization activities, would continue.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
