Present Land Use/Zoning/General Plan Designation:

Within the Project area, SR 1 is a conventional, two-lane rural highway that functions as the primary north-south travel corridor through West Marin County. This segment of SR 1 provides regional and local access between the coastal communities of Point Reyes Station, Marshall, Tomales, and southern Sonoma County. The land adjacent to the Project area is predominantly low-density rural.

Project Description:

The California Department of Transportation (Caltrans) is the lead agency under the California Environmental Quality Act (CEQA) for the proposed State Route (SR) 1 Storm Damage Restoration Project (Project) and has prepared this Draft Initial Study with Proposed Mitigated Negative Declaration (ISMND).

The Project is located on SR 1 at post mile (PM) 37.2, approximately 1.2 miles south of Marshall Petaluma Road, near Reynolds, in Marin County, California.

The purpose of this Project is to restore the integrity of the roadway and the adjacent slope and to prevent future coastal erosion and slope washouts at this location on SR 1. This Project is needed due to storm-related coastal erosion that resulted in the saturation and washout of the slope adjacent to the southbound side of SR 1 along Tomales Bay.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency, please denote that with an "S".
