

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: I-40 Bridge Scour Project

Lead Agency: California Department of Transportation, District 8

Contact Name: Cesar Garcia

Email: cesar.garcia@dot.ca.gov

Phone Number: 909-472-1699

Project Location: Near Needles

City

San Bernardino

County

Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) proposes to upgrade structures and improve other deficiencies along Interstate 40 from Post Mile R139.0 to R152.2 in Needles, San Bernardino County, California. Improvements would include replacing the existing Rock Slope Protection, and partially grouted rock slope protection apron areas at Whale Mountain Wash (Bridge Numbers 54-0668L and 54-0668R) per the latest Advance Planning Study (APS). There are a total of eight (8) aprons extending along the roadway shoulder at each bridge approach and departure. In addition, upgrading guard rail end treatments to latest standards and installing vegetation control, sign panels with higher reflectivity, and lighting to the latest standards. All work is within the State right of way, including access to Whale Mountain Wash.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

With the following mitigation measures, the Project would have less than significant effects on Biological Resources: BIO-Waters-1, BIO-Waters-2, BIO-Waters-3, and BIO-Waters-4.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
