Project Description: (please use a separate page if necessary)

The proposed project requests approval of a Minor Use Permit and Design Review to allow for the construction and operation of a three-story, 110,501 square-foot, self-storage facility with 840 storage units in a currently undeveloped parcel. Access to the project site is proposed off Dolores Drive on the northern property line and Terry Lane on the western property line. The project proposes 23 parking spaces with additional parking and access to the site achieved through the adjacent commercial center, east of the subject property. Additional improvements to the site include fencing, motion activated lighting, landscaping, and connection to water and sewer.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
