Project Title: Wireless Right-of-Way Permit No. 22-019, Coastal Development Permit Exemption No. 23-119, and Categorical Exemption No. 23-120

Project Location – Specific: 5818.5 Kanan Dume Road, within the public right-of-way

Project Location – City: Malibu **Project Location – County:** Los Angeles

Description of Nature, Purpose, and Beneficiaries of Project: An application to modify an existing T-Mobile wireless facility on a Southern California Edison utility pole in the public right-of-way near the 5800 block of Kanan Dume Road. The project would remove four panel antennas, two mounting arms, and one equipment shroud, and would install one new side-mounted antenna (approximately eight inches in diameter), an equipment shroud, along with pole-mounted radio equipment, cabling, an electrical shutoff switch, and associated equipment. The existing 43-foot wood utility pole (SCE Pole ID No. 3005198E) and ground-mounted meter pedestal would remain in place with no change in height or dimensions. No excavation, trenching, or grading is proposed. In addition to City-issued permits, the applicant is required to obtain permits for use of the pole by Southern California Edison and an encroachment permit from the City Public Works Department.
