Project Location: Located at 401 S Palm Street (Assessor's Parcel Numbers [APN] 296-021-01 and 296-402-13) in the northern portion of the city of La Habra (City), California, in approximately 18.25 acres of the Sonora High School campus.

The proposed project includes modernization of the northern half of the existing Math and Science Classroom Building (building 400) and improvements to the track and field facilities. The building modernization would include interior and exterior renovations. Track and field improvements would involve demolition of existing features and construction of upgraded facilities including a new 2,615-square-foot restroom building, synthetic track surface, synthetic turf field, permanent bleachers with increased seating, lighting, and a scoreboard, along with conversion of part of the existing animal grazing area into an auxiliary athletic field and addition of new walkways, landscaping, a bioretention area, fencing, and irrigation improvements. Installation of field lighting would allow evening practices between 3:30 p.m. and 9:00 p.m. for certain sports and activities without increasing the number of events, participants, spectators, or school hours.

This is to advise that the Fullerton Joint Union High School District has approved the above described
(☒ Lead Agency or ☐ Responsible Agency)

project on June 9, 2026 and has made the following determinations regarding the above described project:
(Date)

1. The project [☐ will ☒ will not] have a significant effect on the environment.
2. ☐ An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
☒ A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
