Exempt status: (check one)	
<input type="checkbox"/> Not a project.	State CEQA Guidelines § 15378
<input type="checkbox"/> Statutory Exemption.	State CEQA Guidelines § 15262
<input type="checkbox"/> Categorical Exemption.	State CEQA Guidelines § 15301, 15302
<input type="checkbox"/> Other. Explanation:	State CEQA Guidelines § 15061(b)(3)

Reason why project was exempt:	<p>The March 25, 2026 approval of the Budget and Proposed Approvals (projects 1-9) is not a CEQA “project,” because the Budget and Proposed Approvals (projects 1-9) will not result in any direct or reasonably foreseeable indirect environmental impacts under State CEQA Guidelines § 15378. Further, the Budget and Proposed Approvals (projects 1-9) are not subject to CEQA review, because it can be seen with certainty that they have no potential to impact the environment under State CEQA Guidelines § 15061(b)(3).</p> <p>Additionally, and even if the Budget and the Proposed Approvals (projects 1-9) are a CEQA “project,” they are still categorically exempt from environmental review pursuant to State CEQA Guidelines, §§ 15262, 15301, and 15302, because the Budget and the Proposed Approvals involve:</p> <ul style="list-style-type: none"> <li>• Feasibility or planning studies for possible future actions which the Board has not approved, adopted, or funded</li> <li>• the operation, repair, maintenance, or minor alteration of existing public structures, facilities, or mechanical equipment that will result in negligible or no expansion of use beyond that existing today pursuant to State CEQA Guidelines §15301;</li> <li>• the replacement or reconstruction of existing structures and facilities, which will be located on the same site have substantially the same purpose and capacity as the structure or facility replaced pursuant to State CEQA Guidelines § 15302;</li> <li>• the construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure pursuant to State CEQA Guidelines § 15303.</li> </ul> <p>Finally, none of the “exceptions” to the categorical exemptions apply under State CEQA Guidelines § 15300.2.</p> <p>As to Replenish Big Bear (i.e., project 10), the approval of the Budget does not constitute an approval of the Replenish Big Bear Program as a whole, but rather allows BBARWA to approve the Budget for performing engineering, environmental, final design, and other pre-construction activities. Lastly, the Budget is exempt from under State CEQA Guidelines § 15273 since the Budget includes rate adjustments to maintain service within existing service areas.</p>
