**Project Title:** Wireless Right-of-Way Permit No. 25-004, Coastal Development Permit Exemption No. 26-036, and Categorical Exemption No. 25-089

**Project Location – Specific:** 29350.5 Pacific Coast Highway, within the public right-of-way

**Project Location – City:** Malibu      **Project Location – County:** Los Angeles

**Description of Nature, Purpose, and Beneficiaries of Project:** An application to modify an existing T-Mobile wireless facility on a Southern California Edison wood utility pole located within the public right-of-way near the 29300 block of Pacific Coast Highway. The project would remove two existing side-mounted antennas, one existing communications riser, and two existing arm extensions, and would install two new side-mounted antennas on a new antenna arm and arm extension, one new equipment shroud enclosing pole-mounted radio equipment, one new communications riser, replacement coaxial cables, an upgraded disconnect, two RF caution signs, pole steps, one new ground rod, and associated work. The existing 47-foot, 7-inch wood utility pole (SCE Pole ID No. 914954E) would remain in place with no change in height or dimensions. Minor ground disturbance associated with installation of the new ground rod is proposed; no trenching or additional ground-mounted equipment is proposed. In addition to City-issued permits, the applicant would be required to obtain permits for use of the pole from Southern California Edison and an encroachment permit from the California Department of Transportation.
