Present Land Use/Zoning/General Plan Designation:

Several

Project Description: (please use a separate page if necessary)

The San Fernando Valley Area Plan (SFVAP) is a community-based plan that focuses on land use and policy issues specific to the unique characteristics and needs of the Project area. The SFVAP is a long-range policy document that will guide long-term regulation of land uses in the unincorporated communities in the Project area through development of goals, policies, and implementation actions. The proposed Project would amend the General Plan to establish both areawide and community-specific goals and policies addressing land use concerns and issues. The SFVAP includes goals and policies addressing preservation of community character; open space and natural resource protection; historic preservation; protection of community health, safety, and general welfare; increased access to community amenities and other topics.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
