PROJECT DESCRIPTION: Additional page(s) attached.

The subject property is comprised of one duplex, four detached dwelling units, and a detached laundry room in the [Q]R1-1D-HCR Zone. The project proposes to maintain the existing front yard setback, side yard setbacks, passageways, and building separations in order to allow the continued use and maintenance of an existing duplex, three detached dwelling units, and a laundry room related to a lot line adjustment, Case No. AA-2024-5787-PMEX. The project also proposes to reduce the rear yard setback related to the lot line adjustment. The project includes the demolition of one of the four detached dwelling units resulting in three detached dwelling units. No new construction is proposed, only an adjustment of the rear property line resulting in a lot area of 8,878 square feet in lieu of the original lot area of 7,480.5 square feet for the subject property, Parcel 2, as shown in Case No. AA-2024-5787-PMEX.

JUSTIFICATION FOR PROJECT EXEMPTION:

Additional page(s) attached

The project is exempt because it involves the continued maintenance of a duplex, three detached single-family dwellings, and a detached laundry room. None of the exceptions to the Categorical Exemption Under CEQA Guidelines Section 15300.2 applies to the proposed project. (a) Location: Although the project is located within a hillside area and within the Santa Monica Mountains Zone, as analyzed in the ZIMAS and the Owner's Declaration of Biological Resources dated June 6, 2024, the subject site does not contain an officially mapped environmental resource of hazardous or critical concern. (b) Cumulative Impact: Per ZIMAS, the LADBS Haul Route Status Table. The proposed Project will not result in significant cumulative impacts from successive projects of the same type in the same place. (c) Significant Effect: The project will not have a significant effect on the environment due to unusual circumstances. All adjacent lots are developed with single- and multi-family dwellings, and the subject site is of similar size and slope to nearby properties. The project site is located in a typical urbanized area of the Northeast Los Angeles Community Plan, and the project would be consistent with the designated zoning and would adhere to all requirements of the LAMC, with the approval of the Adjustments. The project is not unusual for the vicinity of the site and is similar in scope to other existing residential uses in the area. Furthermore, there is not a reasonable possibility that the project would have a significant effect on the environment due to unusual circumstances. The project site is located in the Very High Fire Hazard Severity Zone and will comply with the specific requirements for landscaping and brush clearance. (d) Scenic Highways: The project is not in the vicinity of a state scenic highway and will not damage scenic resources in a state scenic highway. (e) Hazardous Waste Sites: The project site is not on a list compiled pursuant to Government Code Section 65962.5 related to hazardous waste sites. (f) Historical Resources: Per ZIMAS, SurveyLA, and/or Historic Places LA, the project site is not identified or eligible as a historical resource. The project will not cause a substantial adverse change in the significance of a historical resource.

None of the exceptions in CEQA Guidelines Section 15300.2 to the categorical exemption(s) apply to the Project; no unusual circumstance is found.

IF FILED BY APPLICANT, ATTACH CERTIFIED DOCUMENT ISSUED BY THE CITY PLANNING DEPARTMENT STATING THAT THE DEPARTMENT HAS FOUND THE PROJECT TO BE EXEMPT.
