Present Land Use/Zoning/General Plan Designation:

Multiple Land Uses through the District Service Area

Project Description: (please use a separate page if necessary)

The proposed Project consists of adoption and implementation of the 2025 District Services Plan (DSP) for the District. The DSP provides a comprehensive framework for planning, constructing, operating, and maintaining regional flood control and stormwater management facilities within the District's service area over the next 10 to 20 years, including an amendment to the District's Sphere of Influence (SOI) to better align with the City of Fresno's SOI.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
