Project Title: Site Expansion Project at Coliseum College Prep Academy

Project Applicant: Oakland Unified School

District Project Location - Specific:

1390 66th Avenue Oakland, California 94621

Project Location - City: Oakland Project Location - County: Alameda County

Description of Nature, Purpose and Beneficiaries of Project:

The Site Expansion Project at Coliseum College Prep Academy (Project No. 21113) has five distinct components: Demolition and removal of the existing gymnasium (Building G) and removal of 11 existing classroom portables, construction of a new two-story classroom building totaling 19,050 square feet (sq ft) with 16 total classrooms (including two science laboratory classrooms), construction of a new one-story gymnasium totaling 15,175 sq ft, installation of a new landscaped courtyard totaling 19,500 sq ft, and reconfiguration of new ground-level staff parking facilities (Proposed Project). The purpose is to replace older facilities and campus areas with updated equipment, classrooms, and systems that would support the staff, students, and community.

Name of Public Agency Approving Project: Oakland Unified School District

Name of Person or Agency Carrying Out Project: Oakland Unified School District

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: Class 14 (Section 15314), Class 30 (Section 15330)
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

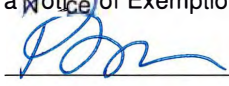

The Project's net increase of 5 classrooms and enrollment capacity by 11.1 percent is below the respective 10 classroom and 25 percent threshold specified in CEQA Guidelines Section 15314. Therefore, the Proposed Project satisfies the criteria of the Class 14 categorical exemption.

The PEA consultant (Ninyo and Moore) has concluded, in the exercise of professional judgment, that any response actions required at the Project site would be limited in scope and consistent with a small or medium removal action costing \$1 million or less, as described in CEQA Guidelines Section 15330.
