

County of Riverside  
Facilities Management-PMO  
3450 14<sup>th</sup> Street, 2nd Floor, Riverside, CA

FOR COUNTY CLERK USE ONLY

## NOTICE OF EXEMPTION

February 23, 2026

**Project Name:** Approval of Third Amendment to the Lease Agreement with Silverhawk Business CTR, LLC, Probation Department, 30123 Technology Drive, Murrieta

**Project Number:** FM042464002300

**Project Location:** 30123 Technology Drive, east of Sky Canyon Drive, Murrieta, California 92563; Assessor's Parcel Number (APN) 957-330-015

**Description of Project:** On September 25, 2012, the County of Riverside (County), on behalf of the Probation Department (Probation), entered into a Lease Agreement with RCI Silverhawk 13, LLC (Original Lease) to provide space for Adult Services and support Probation's operational needs and delivery of programs to its clients. On June 5, 2018, the County executed a First Amendment to Lease with Temecula Park, LLC, successor-in-interest to RCI Silverhawk 13, LLC, extending the lease term by three years (First Amendment). Subsequently, the County executed a Second Amendment to Lease with Silverhawk Business Ctr, LLC, as Lessor and successor-in-interest to Temecula Park, LLC, extending the lease term for an additional five years (Second Amendment).

The facility, located at 30123 Technology Drive, Murrieta, CA (Leased Premises), continues to meet the operational needs of the Probation Department and supports the delivery of its programs and services to clients in the community. This Third Amendment to the Lease (Third Amendment) will extend the lease term, add options, and revise the rental schedule to ensure continued operational and contractual alignment. The Third Amendment to the Lease Agreement is identified as the proposed Project under California Environmental Quality Act (CEQA). The leased premise consists of approximately 13,592 square feet and the proposed Project is the letting of property involving existing facilities; no expansion of an existing use will occur. The operation of the facility will continue to provide public services for the Probation Department and will not result in an increase in the intensity of the use of the site. No additional direct or indirect physical environmental impacts are anticipated.

**Name of Public Agency Approving Project:** Riverside County

**Name of Person or Agency Carrying Out Project:** Riverside County Facilities Management

**Exempt Status:** State CEQA Guidelines Section 15301, Class 1, Existing Facilities Exemption; Section 15061(b) (3), General Rule or "Common Sense" Exemption. Codified under California Code of Regulations Title 14, Article 5, Section 15061.

**Reasons Why Project is Exempt:** The proposed project is categorically exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The project will not cause an impact to an environmental resource of hazardous or critical concern nor would the project involve unusual circumstances that could potentially have a significant effect on the environment. The project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. No significant environmental impacts are anticipated to occur with the Third Amendment to the Lease Agreement.

- **Section 15301 – Class 1 Existing Facilities Exemption:** This categorical exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site’s use. The project, as proposed, is limited to the extension of term of the existing Lease regarding probation services. The project would not substantially increase or expand the use of the site; use is limited to the continued use of the site in a similar capacity; therefore, the project is exempt as the project meets the scope and intent of the Class 1 Exemption identified in Section 15301, Article 19, Categorical Exemptions of the CEQA Guidelines.
- **Section 15061 (b) (3) – “Common Sense” Exemption:** In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, Section 15061(b) (3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal. 3d 68. The ruling in this case stated that if a project falls within a category exempt by administrative regulation or 'it can be seen with certainty that the activity in question will not have a significant effect on the environment', no further agency evaluation is required. With certainty, there is no possibility that the project may have a significant effect on the environment. The proposed Third Amendment to the Lease Agreement will not result in any direct or indirect physical environmental impacts. The use and operation of the facility will be substantially similar to the existing use and will not create any new environmental impacts to the surrounding area. No impacts beyond the ongoing, existing use of the site would occur. Therefore, in no way would the project as proposed have the potential to cause a significant environmental impact and the project is exempt from further CEQA analysis.

Therefore, the County of Riverside Facilities Management hereby concludes that no physical environmental impacts are anticipated to occur and the project as proposed is exempt under CEQA. No further environmental analysis is warranted.
